

SQUEEZE & POUR

An exciting point-of clean delivery system for FIVE of our most Popular Formulas!

Responding to the

amazing popularity of our JAWS Just Add Water System technology and the industry's desire for Point-Of-Clean-Proportioning, Canberra announced the addition of its 32 ounce Squeeze & Pour portion aide bottle as a standard pack type available for the listed formulas on the reverse side.

The new Single-Cap Squeeze & Pour bottles feature a one ounce measuring cup at the neck of the bottle, with 1/2 ounce graduations, allowing the user to squeeze the bottle to the desired amount of concentrate. Simply pour the cup's contents neatly into the desired bucket, work bottle or receiving container. Packed six per case. The JAWS™ Squeeze & Pour portion aide bottle from Canberra...

"The Next Level" in Point-Of-Clean Proportioning!
